

## who are we

**Incite** is a specialist resource management consultancy formed in 1997. It has offices in Auckland, Wellington, Nelson and Christchurch and undertakes work nationally for a range of clients in both the private and government sectors.

We are a solutions based organisation and pride ourselves on problem solving and assisting our clients in achieving their vision. We provide a comprehensive range of resource and environmental management services. Our approach and expertise is often a key factor in our ability to produce successful project outcomes.

As a specialist resource and environmental management consultancy, we work extensively in teams with other organisations on large project work either in a lead role or as a team member depending on a particular client's needs.

Incite is a signatory to the New Zealand Urban Design Protocol and is committed to achieving high quality environmental outcomes.

## our people

Incite has a director based in each office supported by other professional staff. We have a high ratio of senior staff ensuring that experienced resources are brought to bear on all projects.

Incite strongly encourages continuing professional development and mentoring of all staff to ensure it is a satisfying and dynamic workplace for its staff, and to provide the best possible expertise and knowledge to our clients. Please visit our website [www.incite.co.nz](http://www.incite.co.nz) for more information about the personnel at each location.

## our services

Incite has an experienced group of resource management professionals with a diverse range of expertise which enables people with the appropriate skill sets and experience to be matched with any particular project. We can provide expertise in the following areas:

- Resource consent applications
  - Designations
- Project Consents Management
  - Water Allocation
  - Public Consultation
  - Hearings Commissioners
  - Expert Environment Court Representation
- Environmental Research and Publications
  - Urban Planning and Design
  - Environmental Management Systems and Auditing
  - Site Feasibility and Selection Studies
  - Policy Development

## our experience

Incite has a broad range of experience in projects and policy development.

Example projects which have included direct involvement by current Incite personnel include:

### State Highway Projects

Statutory approvals and consultation for major State Highway Projects including Transmission Gully (north of Wellington) and MacKays to Peka Peka Expressway (Kapiti Coast). Incite is also leading the Social Impact Assessment for the Transmission Gully Project.

### Transport Strategic Studies

Land use planning and consultation inputs within multidisciplinary teams for numerous transport strategic studies including the Additional Waitemata Harbour Crossing Network Plan (2010), Wellington Western Corridor Consenting Strategy (2005) and State Highway Strategy Studies at various locations throughout New Zealand.

### Albany Senior High School, Auckland

Lead consultant for the designation. This was a highly complex project with a very short timeframe. Significant environmental issues needed to be resolved including limited practical building sites, terrestrial and aquatic ecology, traffic and transport, visual amenity, heritage and community perceptions. The school opened in February 2010.

### Auckland ASB Showgrounds

Resource consent for a comprehensive rebuild of the Auckland ASB showgrounds. Stage 1 opened in 2009.

### Service Stations

Extensive experience in consenting of new service stations and serviced station upgrades throughout New Zealand including Mobil's 'On the Run' brand service stations and associated retail shops, and the rollout of Challenge Petroleum stations.

### Telecommunications Sites

Incite is the principal supplier of resource management services for Telecom Mobile's mobile phone network throughout New Zealand with Incite having been involved in excess of 1000 new telecommunication sites or upgrades, and in 2008/2009 obtained all necessary statutory approvals to upgrade the Telecom network to launch its XT Mobile product. Incite is also the sole supplier of resource management services to the New Zealand Police for their communications network.

### Water Allocation

Development of plans and plan changes for Environment Canterbury, including plan drafting, s32 assessments and advice to hearing commissioners.

### Supermarkets and Home Improvement Stores

Planning consultant for resource consenting of several new sites for Bunnings and Progressive Enterprises.
